

Mission Prayer Movement: Myanmar and India

December 1, 2025

Living Hope – India

Prayer Points

1. Pray for the Christmas evangelistic programs beginning on Dec 1 in different neighborhoods — that many may receive Christ.
2. For the school admission process, which has begun, to go smoothly.
3. For the construction of the evangelist's residence in Fuchkapara to be completed soon.

Praise God for:

1. The LCC and WCCM STM teams, whose visit was spiritually enriching.
2. The church leaders' meeting in Siliguri, which was fruitful and spiritually uplifting.

Hills Academy – Rose

Prayer Points

1. The final exams are ongoing until December 5. Pray for a peaceful end to the academic year for both teachers and students.
2. Eight teachers have resigned and will be leaving next year. Pray for the hiring of eight new teachers — it is difficult to find qualified candidates.
3. Pray for the LDP ministry as a whole, as changes are being planned in the near future.

Beulah Home – Myanmar

1. Pray for the children's daily provision due to rising inflation.
2. Pray for resettlement for those who are homeless, refugees, or affected by famine in Myanmar.
3. Pray for all Beulah children to grow physically and spiritually.
4. Pray for peace and justice in Myanmar.

Updates and Prayer Requests

1. The need for relief assistance for IDPs (Internally Displaced People) is worsening due to the junta's increasing airstrikes, artillery attacks, raids, home destruction, and brutal killings — including children, pregnant women, and the elderly.
2. More than 5 million people are now displaced across Myanmar, with numbers increasing daily. Local resources are limited, and international aid is lacking.
Pray for safety, protection, and provision for those in life-threatening conditions.
3. The military continues to capture or kill civilians during raids. In recent days, tens of thousands have fled their villages and towns due to violent attacks and airstrikes in central Myanmar, Chin, Kachin, Kayin, Kayah, and other regions.
4. Most displaced families are sheltering wherever they can. Access to medical care and basic necessities is extremely limited.
A ground worker shared:
"Soldiers are firing heavy weapons, making it very difficult to find safe places to take cover."
5. Civilians remain constantly fearful and alert due to shelling, airstrikes, and drone attacks.
6. Travel is unsafe in many areas. The junta imposes threats, abuse, and intrusive security checks. At checkpoints, all passengers must disembark, explain their travel details, show ID cards, and have all bags searched. Men aged 18–35 is especially targeted, often forcibly taken for military recruitment or extorted for money.
7. In the Sagaing region, soldiers patrol the town in private and military vehicles, detaining young people on the streets and stopping travelers at checkpoints.
"People are being taken every day; the streets are almost empty."
Many young people attempt to flee across borders, but hundreds are captured along the way.
Pray for God's grace and mercy over those suffering deeply.
8. Along the Thai–Myanmar border, tensions remain high due to scam-center operations and junta involvement. At the same time, villages near the border face ongoing displacement due to shelling and attacks.
Pray for international pressure and effective action.

9. Pray for Relief outreach efforts with mission networks in Myanmar and border regions.
10. Pray for safety for ground teams conducting relief and gospel.
11. Pray for lives to be delivered, protected, and restored by God's love.
